In his final philosophical treatise, The Passions of the Soul, completed in 1649 and dedicated to Princess Elisabeth of Bohemia, René Descartes contributes to a long tradition of philosophical inquiry into the nature of "the passions". The passions were experiences - now commonly called emotions in the modern period - that had been a subject of debate among philosophers and theologians since the time of Plato. Notable precursors to Descartes who articulated their own theories of the ...*

Passions of the Soul - Wikipedia
Passions of the soul René Descartes II: The number and order of the passions the object is or at how small. So we can esteem ourselves, giving rise to the passion of magnanimity or pride, and the corresponding behaviour; or contemn [see Glossary] ourselves, giving rise to the passion of humility or abjectness, and the corresponding behaviour. 55.

The Passions of the Soul - René Descartes - English - PDF ...
René Descartes wrote a book, The Passions of the Soul, I presents a strong view of dualism. In this sense, it is similar to Plato's view of the soul, where Plato posited a soul who guides the body much like a helmsmen who pilots a ship. Descartes began by correctly noting there is an important difference between animate and inanimate bodies.

The Passions of the Soul Critical Essays - eNotes.com
Descartes starts his Passions of the Soul (1649) by lamenting the sorry state of ancient writings on the passions, and declaring that "I shall be obliged to write just as if I were considering a topic that no one had dealt with before me" (AT XI 328, CSM I 328). It is true that he rejects aspects of Aquinas's views and explicitly tasks those cruel philosophers who "require their sage to be insensible" (whom he identifies as the "Cynics," then considered to represent a ...
